

The Boston Globe Names Health Advances a Top Place to Work for 2019

Honoring the Best Employers in Massachusetts

BOSTON, MA (November 15, 2019) – Health Advances has been named one of the Top Places to Work in Massachusetts in the 12th annual employee-based survey project from The Boston Globe. ***The Top Places to Work 2019*** issue publishes online at Globe.com/TopPlaces on the night of November 14 and in The Boston Globe Magazine on November 17.

Top Places to Work recognizes the most admired workplaces in the state voted on by the people who know them best—their employees. The survey measures employee opinions about their company's direction, execution, connection, management, work, pay and benefits, and engagement. The employers are placed into one of four groups: small, with 50 to 99 employees; medium, with 100 to 249 workers; large, with 250 to 999; and largest, with 1,000 or more.

Health Advances was ranked #8 in the Medium Companies category, climbing up 5 slots since its 2018 ranking (#13). This jump is a clear indicator of the firm's strong brand equity and growing impact in the healthcare industry.

"The companies that make our list are much more than just decent employers," said Katie Johnston, the Globe's Top Places to Work editor. "They make work fun, and they make their people feel cared for. Some of them even help employees realize dreams that have nothing to do with their jobs."

The rankings in Top Places to Work are based on confidential survey information collected by Energage (formerly WorkplaceDynamics), an independent company specializing in employee engagement and retention, from nearly 66,000 individuals at 323 Massachusetts organizations. The winners share a few key traits, including offering progressive benefits, giving their employees a voice, and encouraging them to have some fun while they're at it.
