

The Boston Globe Names Health Advances a Top Place to Work for 2021

Honoring the Best Employers in Massachusetts

BOSTON, MA (December 1, 2021) – Health Advances has been named one of the Top Places to Work in Massachusetts in the 14th annual employee-based survey project from The Boston Globe. The Top Places to Work 2021 issue was published online on December 1 and in Globe Magazine on December 5.

Top Places to Work recognizes the most admired workplaces in the state voted on by the people who know them best—their employees. The survey measures employee opinions about their company’s direction, execution, connection, management, work, pay and benefits, and engagement. The employers are placed into one of four groups: small, with 50 to 99 employees; medium, with 100 to 249 workers; large, with 250 to 999; and largest, with 1,000 or more.

“This was a particularly challenging year to be a great place to work, and the companies that made our list went above and beyond to keep their employees safe, engaged, and cared for,” said Katie Johnston, the Globe’s Top Places to Work editor. “From offering help with childcare to making the workplace more equitable to holding virtual talent shows, these employers showed that the best get better in crisis.”

Health Advances was ranked #9 in the Medium Companies category. Our 4 consecutive years as a Top Workplace is a clear indicator of the firm’s strong brand equity and growing impact in the healthcare industry.

“Our people are always our first priority. We are incredibly honored that our employees view their experience at Health Advances so positively,” said Kristen Turner, Chief Operating Officer at Health Advances. “We encourage everyone to bring their most authentic self to work every day. It is foundational to our culture and the cornerstone for any success we have.”

The rankings in *Top Places to Work* are based on confidential survey information collected by Energage (formerly WorkplaceDynamics), an independent company specializing in employee engagement and retention, from more than 80,000 individuals at 285 Massachusetts organizations. The winners share a few key traits, including offering progressive benefits, giving their employees a voice, and encouraging them to have some fun while they’re at it.

Top Places to Work online extras include sortable rankings and features such as showcasing companies that are going the extra mile to make their workplaces more equitable and to help employees connect with one another, and their communities, during the pandemic. All can be found online, and readers can follow the news on Twitter at #workboston.
